Cheval Grand Est

Born from three former breeders associations: ARDCP, ADECLOR and ADECA, CHEVAL GRAND EST gathers horse and pony breeders that are settled in the nest of the European metropole, between German, Belgian, Luxembourgian and Swiss borders. Nevertheless, this big region of ours is close and reachable from almost every big French citie, such as Paris, Lyon and Lille. Attractive and dynamic, this breeding region is nowned for having sport level, as proved by top performers such as Itot du Chateau, Rahotep de Toscane, Alban III, Sultan du Chateau and such exceptional products born from our local bloodlines.

Caval'Est

With an extensive experience of 10 years of organizing stallion shows, Cheval Grand Est has created Caval'Est in 2017. It is an international festival dedicated to Horses and their breeding, with an essential event: the stallion show! It is really the place-to-be and one of the step of the «Stallions Tour de France». Organized on February 16th, Caval'Est will gather breeders, riders and horses' enthusiasts behind a common passion. This year, the meeting will take place at the Pôle Hippique de Lorraine. Located in the heart of the Eastern Region, the site of Rosieres aux Salines is ideally placed.
